A balloonist for 22 years, Jeff is a Welder/Electrician for Caravans Unlimited, Inc., and has logged 440 hours of flight. He is a member of NOBPA, AOPA, NABA, and BFA. His balloon can be identified by its red, orange and yellow stairstep double twist on a dark blue background. After 3 years he and his wife finally named the balloon “Indecision!” His awards include a 1st place win at the Football Hall of Fame Rally in 2003, 2nd place award at the Meadville Rally in 2004 and 1st place win at last year's Thurston. His most memorable moment was while giving a student a commercial lesson when they went to 9,600 feet clocking the ground speed at 60 mph.
