This will be Paul's 6th year at The Thurston. He is employed by PennDot in Erie County where he repairs bridges throughout the county. He has been ballooning 11 years, logging over 329 hours in the air. His balloon is named "Just A Dream" because dreams are meant to be followed as are balloons, once inflated. "Dream" has solid black gores with alternating multi-colored gores. In 1997 Paul was awarded the Top Competitive Pilot in PA Awarded by BFA. He is a member of NOBPA.
