TRIBUNE**

Bob, or Professor "Zee" as he is affectionately called, is returning again this year as the Thurston Classic's Balloonmeister. Having been a balloon enthusiast for over 34 years, he oversees the competition as a distinguished BFA aeronaut and master instructor and has attended every Thurston Classic. He is a retired pharmacist. He holds many awards and lists his most memorable moment as flying a 400,000 cu. ft. balloon in Kenya, West Africa. He has logged 3,348+ hours in the air. His wife, Bev, keeps him organized and can be seen wearing several hats throughout
